

Machine Learning for Science & Engineering

To accomplish complex goals, technical and scientific organizations need advanced machine learning. Whether it's tracking performance or preempting faulty conditions, ML can help.

Access powerful ML tools with Sirepo Activait™, a high performance computing-enabled application designed to help you solve complex problems.

Browser-Based GUI

Machine Learning techniques come to life in an easy-to-access format.

Bring powerful tools to your desktop with our convenient, browser-based GUI.

Easy Sharing

Collaborate with colleagues across the globe, instantly and easily.

With convenient downloads and shareable URL links, it's never been easier to harness the power of Machine Learning.
